Dear Dinko,

Thank you for this most encouraging message and congratulations on the progress –

it seems to me that Croatian Brain Council has a potential to become one of the most active European Brain Councils.

EBC will be happy to support you further and to be represented at your kick off meeting.

In the meantime, you can have a look at freshly updated micro site of NBCs on the EBC website.

http://www.europeanbraincouncil.org/projects/NBC_NAG.asp

See also sections 'News' and 'Reports of Meetings'.

Regards,

Tadeusz
